

Document No.	GOP-530.03
Version No, Date	Ver. 1.0 – 15/03/2016
Compiled by	QMA Officer Senior Examiners – Deck, Engine & Radio
Approved by	Chief Examiner
Approval date	15/03/2016
Effective Date	21/03/2016

Operations – Seafarer Examinations

Guidance Note

South African Maritime Qualifications Code 2016 Matrix

List of reviews and revisions

The Chief Examiner shall cause the Matrix to be reviewed annually and presented at the first syllabus committee meeting of each year. It shall also be reviewed under the following circumstances;

1. Immediately after amendments to the Regulations and/or the STCW Convention;
2. At the request of the Syllabus or the Qualifications Committees; and
3. When discrepancies between the Matrix, Regulations and the STCW Convention are identified

Date	Rev no	Summary of Changes	Origins of Changes	Approved by
15 March 2016	1.0	Changes to the document format and grouping of certificates in categories to allow for ease of reference.	Align the matrix and requirements with the STCW Convention.	Chief Examiner

Explanatory Notes

The South African Maritime Qualifications Code (the SAMSA Code or the Code) Matrix is the breakdown of the requirements for each certificate of competency or proficiency for officers and ratings respectively. The South African Maritime Safety Authority (SAMSA or the Authority) is required by Regulations¹ to create the Code to ensure compliance with the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended (STCW Convention). The Code is divided into the following sections/parts;

1. Part 1 – Deck STCW Convention requirements (for seagoing ships ≥ 500 GT, excluding fishing vessels) including GMDSS
2. Part 2 – Engine STCW Convention requirements (for seagoing ships ≥ 750 kW and ≥ 500 GT, excluding fishing vessels)
3. Part 3 – Deck STCW Convention requirements (for seagoing ships ≥ 25 GT but < 500 GT, excluding fishing vessels)
4. Part 4 – Engine STCW Convention requirements (for seagoing ships ≥ 50 kW and ≥ 25 GT but < 500 GT, excluding fishing vessels)
5. Part 5 – Deck Fishing Vessels requirements
6. Part 6 – Engine Fishing Vessels requirements
7. Part 7 – Radio Certificates of Competency
8. Part 8 – Deck Port Operations requirements
9. Part 9 – Engine Port Operations requirements
10. Part 10 – Certificates of Proficiency (Deck Ratings)
11. Part 11 – Certificates of Proficiency (Engine Ratings)

¹ Merchant Shipping (Safe Manning, Training and Certification) Regulations, 2013, as amended

Part 5 – Deck Fishing Vessels requirements⁷

The table below groups' certificates available for fishing, with the primary qualifications listed in the table. The different CoC's are;

1. Deck Officer (fishing)
 - a. Deck Officer (<24m)
 - b. Deck Officer (≥24m)
2. Skipper (fishing < 24m)
 - a. Skipper (fishing < 24m – limited waters)
 - b. Skipper (fishing < 24m – unlimited waters)
3. Skipper (Fishing ≥24 metres)
 - a. Skipper (Fishing ≥24 metres – limited water)
 - b. Skipper (Fishing ≥24 metres – unlimited waters)

Certification	Deck Officer (Fishing)	Skipper (Fishing < 24 m)	Skipper (Fishing ≥24 m)
Academic Requirements	Required Modules
